Fencing over and above the boundary wall at Sanga Campus:

1. Item number 39 of LoA for construction of boundary wall at Sanga Campus provided for Concertina wire fencing over the boundary wall @ of Rs255.00 per meter with corresponding amount of Rs. 15,81,000.00 only.
2. General Body of the Society in its meeting held on 05.12.2020 took up a matter of providing five strand solar powered electric fence in place of concertina wire at the estimated cost of Rs. 15.00 /km.
3. Board of Directors (BoD) in its meeting held on 09/01/2021, decided to provide five strand solar powered electric fencing instead of concertina wire fencing and it was decided to get the quotation from one expert agency M/s Ashish Enterprises Kolkata in this context. It was also decided to reduce the amount meant for Concertina wire Fencing as provisioned in the existing contract.
4. M/s Ashish Enterprises, Kolkata furnished two quotations for Solar powered electric fencing of length 5400m. The first one in Dec, 2020 for supply and installation amounting to Rs.13,05,965.00 (with GST) and another one in Feb,2021 for AMC per year amounting to Rs. 7,08,000.00 (with GST).
5. The first quotation was approved and vide CSO's letter no. CSO/Co-op/HSG/2021(63) dated 06/12/20221 and at the same time a payment of Rs.

6,50,982.00 (50%) of value of Quotation value was remitted vide cheque no. 028416 dated 06/12/2021.

6. Four items out of 27 items mentioned in quotation for installation of five strand solar powered electric fencing were supplied as mentioned below: -

Sl	Description	Qty	Rate	Amount (Rs.)
1.	12.5 SWG wire	1250 kg	@90Rs./kg	1.12.500.00
2.	Support Post 25mm dia x 1200mm	200 nos.	700Rs./nos.	1.40.000.00
3.	Support post 40mm dia x 1200mm	200 nos.	700Rs./nos.	1.40.000.00
4.	Intermediate post 25mmX25mmX3mm T/L section	1600 nos.	@200 Rs./nos.	3,20,000.00
Total with GST @ 18% = Rs. 7,12,500/- + Rs. 1,28,500/- = Rs. 8,40,750/-				

7. After installation of 4 item i.e. structural frame work, the fencing above the wall can be completed, but to energize and pass the electric current other 23 item such as Energizer, Solar panel, Battery etc. will also be required and that at this distant date after lapse of 5 years it seems infeasible to be supplied by M/s Ashish Enterprises.
8. Moreover, if the full system is provided, as per the 2nd quotation collected in year 2021, the AMC charges @Rs. 7.08.000.00 (with GST) per year will be incurred every year. After lapse of 5 year, this rate if fresh quotation is collected may be much more that the rate quoted in 2021.
9. Therefore, it seems better is proposed that with the 4 supplied items of 1st quotation the structural frame work of solar fencing above the 8 feet wall may be installed and the part work of energizing the fencing i.e. execution of balance 23 no. item of the quotation may be done away with.

Hence it is proposed that:

a. **The structural frame work of solar fencing, without provision for energizing, above the 8 feet wall may be installed using the material already provided.**
b. **The LoA amount of existing contract of M/s Equus Estate Pvt. Ltd. may be reduced by Rs. 15,81,000.00 meant for Concertina wire fencing.**

7. Landscaping work
8. Main gate construction

This development would take about 3 years to complete and lead us to a point where every member may get a house constructed on the sub-plot allotted.

On a broad estimate this development would cost about Rs. 35.00 cr. This would entail an amount of Rs. 14.00 to 15.00 lakhs per member in 3 phases spread over 3 years.

Board of Directors (BoD) have discussed this development plan in its meeting on 23.10.2026 and accorded its approval on the same.

Proposal:

The General Body may kindly consider the development plan and accord its approval to the same.

Decision:

The General Body discussed the proposal thoroughly and accorded its in-principle approval to the same. It was also decided that a Detailed Project Report (DPR) should be prepared and the same should be placed before the General Body.

The meeting got concluded with a formal vote of thanks.
